RE: Renewal of bid for "ROADWAY DRAINAGE PIPE 2018"

Metal Culverts, Inc. has reviewed the prices for the above referenced bid and will not be able to renew this bid award for an additional one-year term at the current prices. Steel price increases over the past two years resulting from the steel tariffs will prohibit us from extending the current prices beyond the February 12, 2020 contract term. Since Jefferson County, Missouri is such a valued customer we made every effort to honor the initial two year contract despite the steel increases.

We would, however, be able to renew this bid award for an additional one-year term with a 12.5% increase in prices. The renewal will extend the adjusted price thru February 12, 2021.

We appreciate your business and look forward to working with Jefferson County in the coming years.
