March 3, 2020

Dear Consultant:

The Jefferson County Department of Parks and Recreation is requesting the services of a consulting engineering firm to perform the described professional services for the project included on the attached list. If your firm would like to be considered for these consulting services, you may express your interest by responding to the appropriate office, which is indicated in the attachments.

Limit your Letter of Interest (LOI) to no more than four (4) pages. This LOI should include any information which might help us in the selection process, such as the persons or team you would assign to each project, the backgrounds of those individuals, and other projects your company has recently completed or are now active. It is required that your firm’s Statement of Qualification (SOQ) (RSMo 8.285 through 8.291) be submitted with your firm’s LOI or be on file with the Jefferson County Department of Parks and Recreation. The SOQ is not included in the total page count limit for the LOI. Please do not send Jefferson County five (5) copies of your SOQ.

We request that five (5) copies of your LOI be received by 4:00 pm on Friday, April 3rd, 2020, at the Jefferson County Department of Parks and Recreations, PO Box 100, Hillsboro, Missouri 63050.

Sincerely,

Timothy J. Pigg
Director of Parks and Recreation

NOTE: This is a shared cost project with other community residents in the area of Beck Park. They will need to be onboard with the entirety of the project before we will move forward.
Jefferson County, Beck Park - Gravel Roadway Construction

<table>
<thead>
<tr>
<th>Location/Description:</th>
<th>84 Lewis Road, Eureka, MO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Proposed Improvement:</td>
<td>Establish a new roadway adjacent to the east of the current roadway</td>
</tr>
<tr>
<td>Length &amp; Width:</td>
<td>1000 feet in Length; 18 feet wide</td>
</tr>
<tr>
<td>Estimated Construction Cost:</td>
<td>$400,000</td>
</tr>
<tr>
<td>Consultant Services Required:</td>
<td>Geotechnical Services, Engineering, Architectural and Design: Consultant shall be responsible for professional engineering services, including the preparation of preliminary plans, right of way and easement plats, final construction plans, technical specifications, and construction cost estimation. As part of preparing the plans, the consultant may need to perform field surveys, archaeological or environmental studies and geotechnical investigations. The consultant shall also be responsible for a limited number of construction engineering services including staking of new right of way corners, setting of pins post-construction, review of shop drawings and material certifications, perform any needed drawing revisions and respond to requests for information from both the Contractor and the County.</td>
</tr>
</tbody>
</table>

Other Comments
See page 3 for map on approximate new road location.
