-----------------------	------------

Question (Simple Majority)

Shall the City of Arnold, Missouri, issue its sewerage system revenue bonds in the amount of \$9,000,000 for the purpose of extending and improving the sewerage system of the City, the cost of operation and maintenance of the sewerage system and the principal of and interest on the revenue bonds to be payable solely from the revenues derived by the City from the operation of the sewerage system, including all future improvements and extensions thereto?

[Fiscal Note: Completion of the necessary improvements complies with Environmental Protection Agency (EPA) mandates regarding sanitary sewer treatment facilities serving the City of Arnold. Authorizing this bond issue allows the City to finance the necessary improvements at a reduced interest rate through the State Revolving Fund. Without this bond issue, the necessary improvements still will occur, but must be financed at higher interest costs and higher sewer service charges for customers.]
