TERMS AND CONDITIONS

This proposal may be withdrawn by us if not accepted within thirty (30) days unless otherwise specified within the body of our proposal.

Prices do not include tax unless specifically noted. We also do not furnish conduit, backboxes or electrical services. This proposal is based on quantities listed; prices may vary with any addition or deletion.

Equipment will not be ordered nor installation scheduled until proposal is signed by an authorized agent and the original is returned to us at the address listed on this proposal. Signature affirms that the prices, specifications and conditions listed within this proposal are accepted, authorizing the work as specified. Payment terms and amounts are accepted as specified.

Terms are clarified and explained as follows:

Net 30 Days: Upon acceptance of equipment or installation, payment due within 30 days.

50% Down/50% Complete: 50% due upon acceptance of proposal (or prior to ordering any equipment), 50% upon acceptance of equipment or completion and acceptance of installation.

35% Down/45/20 Complete: 35% due upon acceptance of proposal, 45% due upon start of installation, 20% due upon completion and acceptance of installation.

Finance charges in the amount of 1.5% per month may be applied without any prior notice, and at the discretion of Audio Acoustics, Inc. (Audio Acoustics) to all invoices not paid within 60 days. Purchaser agrees to pay all costs of collection including reasonable attorney's fees, court costs and other costs of collections resulting from any default of payment terms of this agreement.

Title to equipment remains with Audio Acoustics until purchase price has been fully paid, at which time title shall transfer to the Purchaser. In the event of default by the purchaser in payment for equipment listed herein, Audio Acoustics shall have the right to enter the premises and repossess all equipment here listed. It is further understood that Audio Acoustics will have no obligation to restore premises to their original condition after removal of said equipment.

Alterations to this proposal may be made by written change order or acceptance of a new proposal. Handwritten changes will not be honored unless our representative and customer indicate acceptance of such by initialization and date of the change.

All work is to be completed in a workmanlike manner according to standard industry practices. Any alteration or deviation from specifications set out in this proposal involving extra costs will be executed only upon written orders, and will become an extra charge over and above the costs specified on this proposal. All agreements are contingent upon strikes, accidents or delays beyond our control. Our employees are fully covered by Liability and Workers Compensation Insurance.

NOTICE TO OWNER

Failure of this contractor to pay those persons supplying material or services to complete this contract can result in the filing of a mechanic's lien on the property, which is subject to this contract, pursuant to Chapter 429 RSMo. To avoid this result, you may ask this contractor for a "Lien Waiver" from all persons supplying material or services for the work described in this contract. Failure to secure lien waivers may result in your paying for labor and material twice.

WARRANTY INFORMATION

Warranty includes parts and labor during the warranty period. This covers service calls made during our normal working hours: Monday thru Friday. Emergency service at other than normal working hours is available at the customer's request at current overtime rates (two hours minimum per on-site call.) To place a call for any service please call 417.869.0770 or 800-240-0770.

This warranty does not include replacement of parts lost, stolen or damaged by accident, negligence or causes other than ordinary use, (including but not limited to electrical, power, temperature, humidity, dust, lightning or acts of nature), or service required due to programming or changes made by anyone other than Audio Acoustics personnel. Neither does it include labor or materials for additions, rearrangements or relocation of equipment. Warranty does not include any existing equipment or cable or any consumables such as batteries or bulbs.

Audio Acoustics agrees to repair or replace any defective parts for a period of one year after substantial system completion.

The express limited warranty contained herein is exclusive and given in place of (A) all other warranties, express, implied or statutory, whether written or oral, including, but not limited to, any warranty of merchant liability, fitness for a particular purpose, implied warranty arising from performance, source of dealing or usage of trade, and (B) all other obligations, liabilities, rights, claims of revenue, including any contract, tort, strict liability or any right arising from Audio Acoustics' negligence, actual or imputed. There are no warranties other than as stated herein. In no event shall Audio Acoustics be liable for incidental, special or consequential damages.

HD MEDIA SYSTEMS TERMS AND CONDITIONS:

HD Media Systems will provide the Customer with the design, equipment, and installation of the equipment described in the attached proposal. Hd Media Systems will perform the proposed work according to industry standards related to the type of work being performed. This proposal will be honored for a period of 30 days, unless canceled sooner by either party in writing. Terms and Conditions of proposal not yet accepted with a deposit are subject to change without notice 30 days prior to proposal presentation.

All installed equipment will be subject to the equipment manufacturer's stated warranty. in the event that equipment need be replaced whether under warranty or out of warranty shipping charges may apply. labor charges will apply whether the equipment is under warranty or out of warranty unless so stated by hd media systems.

In considering that many new construction projects can take several months to complete. HD Media Systems reserves the right to replace any proposed equipment if that equipment is discontinued or becomes unavailable. HD Media Systems will replace the specified piece of equipment with a comparable model of equal or greater value.

All changes to this proposal require a written or verbal change order, additional charges may apply. Customer will be made aware of any additional charges prior to any change orders being processed.

HD Media Systems is fully insured and carries workmans compensation insurance on all of its employees's.

Customer agrees that they are financially liable to pay all invoices resulting from equipment sales and design/installation services provided.

HD Media Systems requires a 7 day notice prior to the start of any of the three listed phases below. Payments are split up into three amounts due at each phase of the project.

40% Due upon acceptance of proposal or before any work shall begin.

40% Due upon the Trim/Finish Stage. This is when equipment will be brought in and installed. We like to start this stage after all walls and ceilings have final coats of paint. If possible we like to start this stage before flooring such as carpet is installed, however, we are aware that is not always possible.

20% Due upon completion of project. All equipment and services have been provided and a walk thru has been done with the customer showing use of system.

MasterCard and Visa are accepted with a 3.5% processing fee added. The processing fee is passed on from the card processing agent to the customer.

I have read and accept the terms and conditions of this contract.

2.0 Scope of Work by Tech Electronics

- 2.1 This proposal provides a Sound Reinforcement System based on a survey of your facility, and/or written, and/or verbal information provided by Randy Muller & Travis Missey.
- 2.2 Tech Electronics, Inc. will provide labor, material, and coordination to install Professional Audio Visual Equipment as described in this submission. This facility exists and this system is quoted as a retrofit/add installation.
- 2.3 This system will be installed with plenum-rated wire where required for low voltage work, and installed in free air space, above ceilings, and in partition walls.
- 2.4 All wiring will be installed within drop ceilings and walls when possible. If building construction does not permit the above, wiring may be enclosed in surface raceway or using standard installation practices.
 - 2.4.1 Any conduit or surface raceway requirements are not included, unless specifically identified in our equipment list.
- 2.5 Tech Electronics representatives will provide one (1) session of up to one (1) hour of system training to instruct your personnel on the operation of your system at the sound system location. Additional or repeat training sessions are available at an additional cost, and will be invoiced on an hourly basis plus travel and expenses.
- 2.6 Provide testing of the added field devices and system operations of the Sound Reinforcement System. If these times are extended because of conditions beyond Tech Electronics control, additional labor will be invoiced at our current labor rates.
- 2.7 Provide and pay for permits and associated fees as required by the Authority Having Jurisdiction and the local Municipality.

Total Installed Purchase Price \$ 24,785.00

SECTION II: SYSTEM PROPOSAL

1.0 System Overview – County Council Microphone System Upgrade

- 1.1 Tech Electronics, Inc. (Tech) proposes to design, furnish, and install a professional sound reinforcement system to fulfill the stated objective in the following details:
 - 1.1.1 Upgrade all of the audio electronics in the existing Communication Room closet. This existing cabinet will contain the following new equipment:
 - 1.1.2 Furnish and install two (2) Telex FMR-500-HD-A wireless microphone systems with receivers mounted in the cabinet and two (2) handheld transmitters to be used in the council chamber room.
 - 1.1.3 Furnish and install one (1) Listen Technologies Confidea CU central processor.
 - 1.1.4 Furnish and install one (1) Lowell MA125 5 input x 125W mixer amplifier.
 - 1.1.5 Furnish and install one (1) Shure DFR22 digital signal processor to perform equalization and digital feedback reduction functions.
 - 1.1.6 Furnish and install one (1) Listen Technologies LS-23-072 hearing assist system with the transmitter mounted in the cabinet & 4 body pack receivers to be used in the council chamber room.
- 1.2 Furnish and install four (4) Lowell ES-62T 6.5" 2-way tuned and ported loudspeaker assemblies mounted in the ceiling of the council chamber room.
- 1.3 Furnish and install one (1) Listen Technologies Confidea FC-M flush mount Chairman wired conferencing microphone with priority cancel switch, push-to-talk switch and integral speakers at the central position permanently mounted into the Chairman's seating position at the dais.
- 1.4 Furnish and install twelve (12) Listen Technologies Confidea FD-M flush mount Delegate wired conferencing microphones with push-to-talk switch and integral speakers permanently mounted at the remaining positions at the dais and at the front locations including the presenter microphone.
- 1.5 Furnish and install new CAT5 cabling for new microphone system.
- 1.6 Program system and provide integration to existing camera switching system so that when presenter microphone is turned on, the camera orientation switches to capture the presenter, and will switch back to the council when the presenter microphone is turned off.
- 1.7 Calibrate & test system and provide training for new system elements.
