heartworm prev	\$0.00	\$0.00
Flea and tick prev	\$0.00	\$0.00

 I get these two products donated from the manufacture for free and I do not charge for them.

I have provided educational training in the past, and would continue to do so at my own expense and time.

I am available 24 hours a day for emergency. Currently all the handlers know how to get a hold of me if the need to for an emergency. I am unable to give prices for emergencies, as I do not know the nature of the event and cannot see what would need to be done.

The dog food that we provide for the K-9's is specially designed for their continued health. I have a long history of keeping the dogs on the street and not sick. They miss very few days of street duty. I attribute that directly to good nutrition. The food prices will change, as they change on me at frequent intervals. I am sorry for this, but it is out of my control.

Any services performed, other than those listed above, will be done at a strict 25% discount. As you are a government facility, no taxes should be assessed.

I have performed the work for the K-9 dogs for about 19 years now. I do feel that I have a good trusting and working relationship with all the handlers. They are comfortable with me and I am comfortable with them. I would be delighted to continue doing so.

EQUIPMENT:

The first aid kit is supplied and restocked as necessary. For a new dog to be supplied with the kit it will be \$50.00/dog. The disinfectant for kennel sanitization will be whatever the product is selling for at the time of purchase, as these products change in cost. I will not mark them up. Currently they are running about \$40 to \$50 per gallon for name brand. Generics are about \$20 to \$30 per gallon.

If you have any questions, please feel free to call at any time (636)937-9000. Prices good for the duration of the contract-1 year and renewable for the following year.

Thank You,
