15. **Estimated Completion Date:** Spring 2021
16. **Miscellaneous Information** (location, description of work, detour roads, utilities relocation, message boards, shoulder width, etc.):

The county is proposing reconstruction of the intersection of Miller Road and Spring Forest. The intersection will have a new horizontal and vertical alignment and will consist of two-12 foot lanes. The intersection shall intersect at 90 degrees (compared to 30 degrees currently), to make it easier for people to see in both direction when pulling out. Other features include placement of guardrail and establishing clear zones
