

Marriage License Information

Both parties must personally appear at the Recorder of Deeds office together. Original signatures are required from both parties. A valid state-issued photo ID is required for each party.

There is no longer a waiting period for a marriage license. The marriage license is valid for only 30 days from the date of issuance and can be used anywhere in the state of Missouri, except Clayton and St. Louis City. Civil ceremony licenses need to be purchased through their office.

The applicants are responsible for delivering the license to the person who solemnizes your marriage. The Officiate must complete the license, have two witnesses sign it (18 yrs of age or older), and return it to the County Recorder's Office within fifteen days from the ceremony. The license is then recorded, scanned for preservation and remains on file permanently in the County Recorder's office.
